### Level 2

May 26, 9:00-4:00 - \$225.00 + gst

**Location: Medicine Hat College**

### LEVEL 1

#### Building Intercultural Relationships - Learning to See

In this introductory workshop, participants will acquire a repertoire of practical skills for building healthy and ethical intercultural partnerships in varied contexts. Participants will engage in a simulation exercise designed to transfer their intercultural skills to an unfamiliar cultural environment.

### LEVEL 2

#### Building Intercultural Dialogue - Learning to Understand

The intermediate workshop further develops the capacity of participants to build strong communicative relationships with individuals from different cultures. Learners acquire a second set of skills that give them deeper insight into dynamics of a specific culture. A practice case study will end the day.
